⊲ Online Form - **BYOD Student Agreement**

Activity Name:	BYOD Student Agreement
Date/Time:	Tuesday 1 February 2022 8:45am - Friday 16 December 2022 3:00pm
Description:	BYOD is an educational program where students are able to bring a personal electronic device to school to support their learning for school related purposes. This year, all students in Years 3-6 will be able to access the BYOD program, between 3-5 days per week. Additional information will be updated on our Newsletter "Glendore Groove". https://www.smore.com/u2nyv-the-glendore-groove (https://www.smore.com/u2nyv-the-glendore-groove)
Venue:	Glendore Public School
Please Bring:	BYOD STUDENT RESPONSIBILITIES Operating system and anti-virus Students must have a legal and licensed version of a supported operating system and software. If applicable, students' devices must be equipped with anti-virus software. NSW DOE Wi-Fi network connection only Student devices are only permitted to connect to the department's Wi-Fi network while at school. There is no cost for this service. Battery life and charging Students must ensure they bring their device to school fully charged for the entire school day. No charging equipment will be supplied by the school. Theft and damage Students are responsible for securing and protecting their devices at school. Devices should remain in classrooms during the day and be taken home every evening. Loss or damage to a device is not the responsibility of the school or the DoE. Confiscation Students' devices may be confiscated if the school has reasonable grounds to suspect that a device contains data which breaches the BYOD Student Agreement. Maintenance and support Students are solely responsible for the maintenance and upkeep of their devices. Ergonomics Students should ensure they are comfortable using their device during the

	school day particularly in relation to screen size, sturdy keyboard etc.
	Data back-up
	Students are responsible for backing-up their own data and should ensure this is done regularly.
	Insurance/warranty
	Students and their parents/caregivers are responsible for arranging their own insurance and should be aware of the warranty conditions for the device.
	BYOD DEVICE REQUIREMENTS
	Wireless connectivity
	• the school's wireless network is currently 2.4GHz and 5GHz compatible. Parents and caregivers are strongly advised to select a modern (last 2-3 years), dual-band device, as the 2.4GHz signal will likely be phased out in the future. 802.11a/b/c/g/n is the preferred Wi-Fi standard, with a, c and n being the most important. 2.4GHz signals are not as pure. They do travel further as far. Think AM radio vs FM.
	• devices that do not support these standards will not be able to connect.
	• the IT delegate in the primary school will be able to provide more details
	Operating system
	You should have the current or prior version of any supported operating system.
	Software and apps
	School-based requirements. All software and apps should be fully updated.
	Battery life
	A minimum of 5 hours battery life to last the school day.
	Memory and RAM
	Devices should have a minimum of 4Gb of working memory (ROM) and also at least 64Gb of storage memory (RAM). This might vary depending on the device e.g. netbook, tablet, laptop.
	Hardware features
	Camera and microphone. A keyboard would be very useful for extended typing.
	Ergonomics
	A reasonable size screen and a sturdy keyboard to enable continuous use throughout the day.
	Other considerations
	A tough and sturdy case or skin to avoid damage or breakage.
	A durable and strong product that is also lightweight for ease of carrying.
	Be aware of the terms of insurance policies/warranties for the device.
	The school will not accept responsibility for any loss, theft or breakage.
	Consider a portable hard drive and/or cloud service to back up essential documents.
Educational Outcomes:	Student use of digital devices and online services in schools is intended to enhance learning, wellbeing and educational attainment. Digital devices and online services can help students develop the skills needed for digital literacy, creativity, critical thinking, problem solving, interpersonal relationships and collaboration.
Due Date:	Sunday 31 July 2022

Students must read and sign the BYOD Student Agreement in the company of a parent or caregiver unless otherwise directed by the principal.

I agree that I will abide by the school's BYOD policy and that:

1. I will use the department's Wi-Fi network for learning.

2. I will use my device during school activities at the direction of the teacher.

3. I will not attach any school-owned equipment to my mobile device without the permission of the school.

4. I will use my own portal/internet log-in details and will never share them with others.

5. I will stay safe by not giving my personal information to strangers.

6. I will not hack or bypass any hardware and software security implemented by the Department or my school.

7. I will not use my own device to knowingly search for, link to, access or send anything that is:

- Offensive
- pornographic
- threatening
- abusive or
- defamatory
- considered to be bullying.

 I will report inappropriate behaviour and inappropriate material to my teacher.

I understand that my activity on the internet is recorded and that these records may be used in investigations, court proceedings or for other legal reasons.

I acknowledge that the school cannot be held responsible for any damage to, or theft of my device.

 I understand and have read the limitations of the manufacturer's warranty on my device, both in duration and in coverage.

 I have read the BYOD Student Responsibilities document and agree to comply with the requirements. I have reviewed the BYOD Device Requirements document and have ensured my device meets the minimum outlined specifications.

I have read and will abide by the NSW Department of Education and Communities'

Online Communication Services – Acceptable Usage for School Students.
