K-2 'Read with Me!' Program

Volunteers Needed!

Dear Parents and Caregivers,

We would like to invite parents, grandparents and caregivers to assist with our K-2 'Read with Me!' Program during Semester Two. The program involves listening to students read at our picnic tables and/or assisting with reading-based activities in the classroom. Activities will be determined by individual class teachers based on the needs of their class. The K-2 'Read with Me!' Program will run from 9am to 10am on various days each week.

If you are interested in volunteering, we would love to have your help! Please complete the form below with the days that you are available. Return it to your child's class teacher and they will confirm dates and times with you.

Procedures for Volunteers:

- It is recommended that volunteers wear a mask when working inside classrooms.
- Volunteers are required to complete an Appendix 5 and present their photo identification at the Administration Office before participating in the 'Reading with Me!' Program. This form can be downloaded from our school website or completed at the Office. [Appendix 5 - Declaration](#)
- Volunteers sign in and sign out of the school using the school sign in code. The sign in process needs to be sighted by an office staff member.
- Volunteers will be given a Glendore PS lanyard to wear, indicating to staff and students that they are allowed to be in the school grounds. They will also be provided with a mask.

Frequently Asked Questions and Answers:

Can I bring my toddler / baby with me when I help in my child's class?

We ask that classroom helpers /volunteers make alternative arrangements for their toddlers and babies so that our students can have your full attention and support. This will allow you and our students to maximise on their learning without distractions.

What do I do if I'm unable to make it to my weekly time?

Class teachers appreciate it if you can let them know if you won't be available. Either email or phone the school office Ph:49556644 and leave a message. Teachers understand that there are many times when your routine will change.

I have noticed that children are on different reading levels. What do they mean?

Reading levels are a tool the teachers use to match a child to a book that is most appropriate for their instructional learning. There are many factors that go into determining a student's level. Comprehension is one of the most important elements. When students can read a book, they also need to be able to understand what they have read. Home readers should be at an easier level than what they read in the classroom. If you have any concerns or questions about readers, please make a time to meet with your child's class teacher.

With thanks,
K-2 Class Teachers
