

Circularama Template

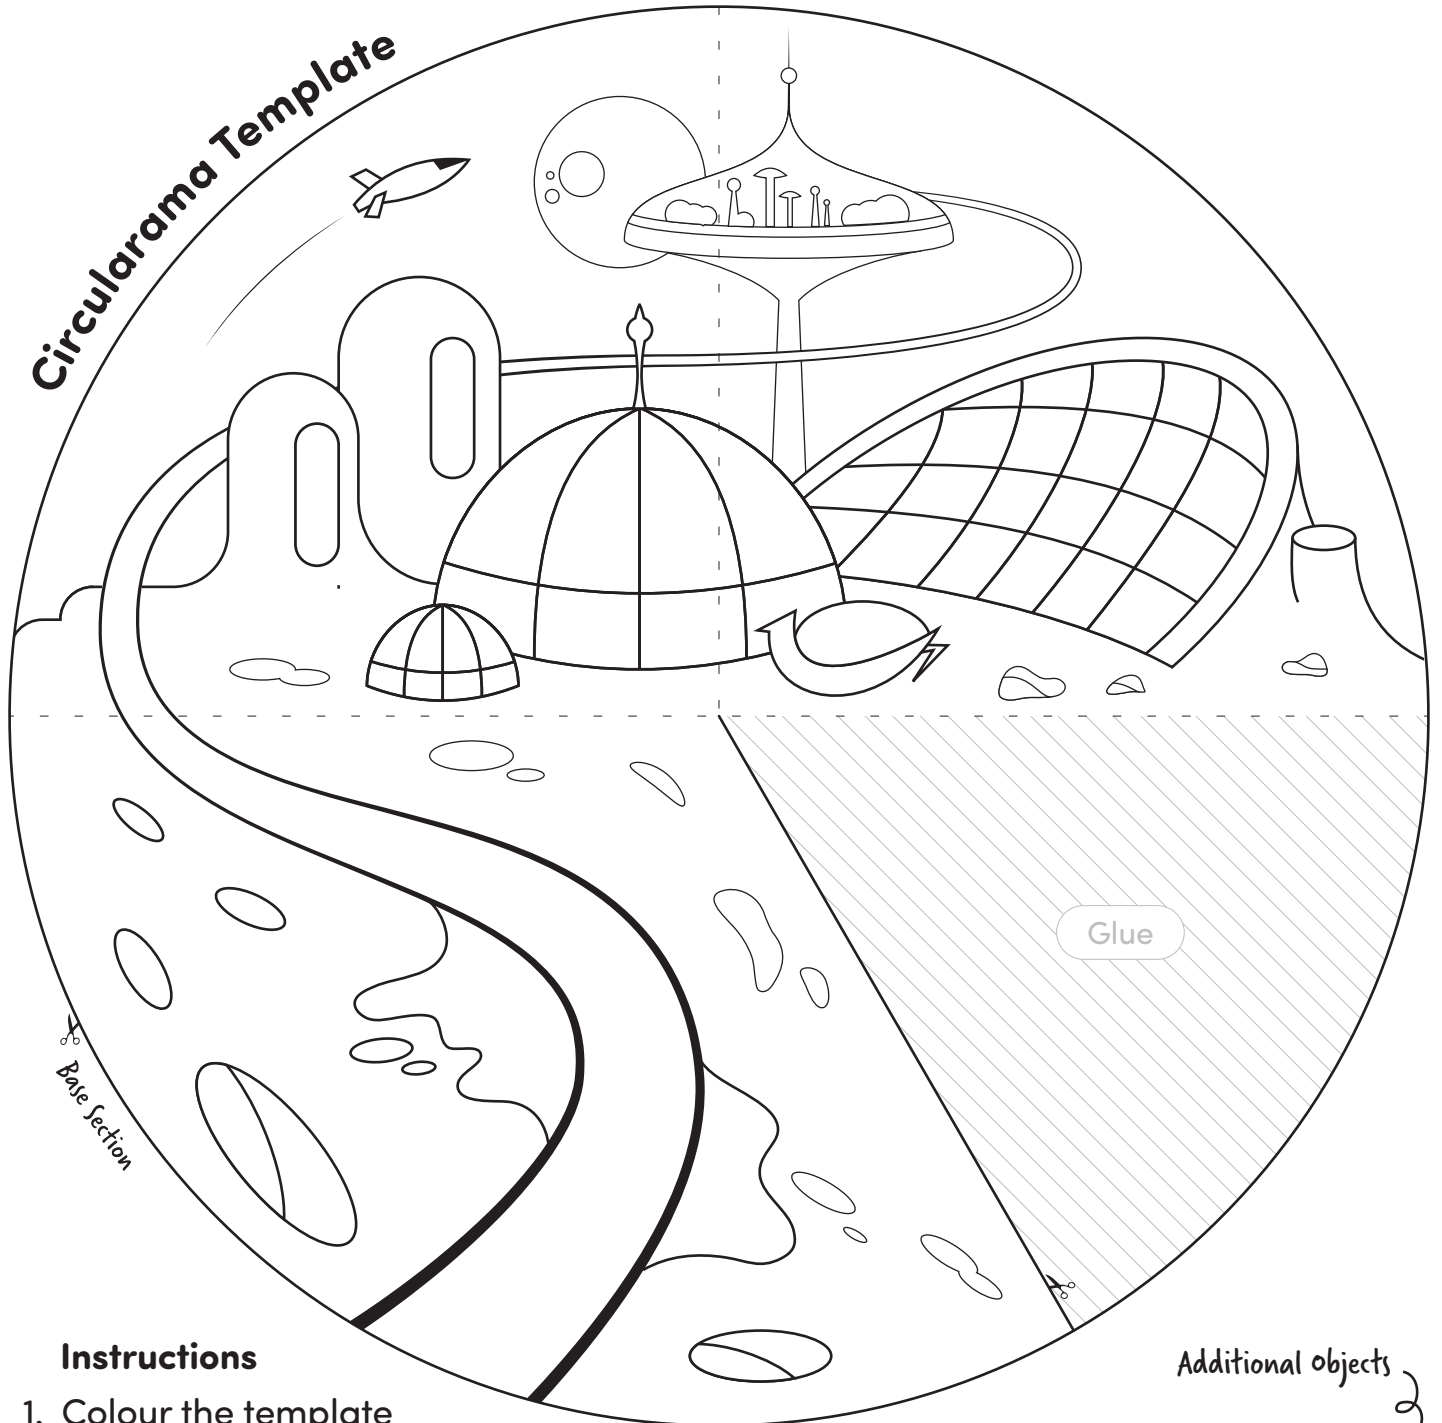

Instructions

1. Colour the template and objects.
2. Cut along the solid lines, including the line running into the middle of the circle.
3. Make valley folds on the dashed lines in the circle.
4. Overlap the 'Base Section' and the 'Glue' section and stick together.
5. Arrange and stick the 'Additional Objects' into the Circularama.
6. Combine this template with two others to create three different scenes.
