AUSTRALIA children's UNIVERSITY

Draw Your Ideal Home

It is likely that you will live in lots of houses in your life - maybe you already have! Design your perfect house that you would like to live in forever!

Draw the house from a birds eye view, and don't forget your labels!

Hand this to your school Children's University Australia Co-ordinator to get your passport stamped for 30 minutes.

Share your experience with the CUA community! Ask an adult to post to our Facebook page to show and tell us what you've done!
