Design Your Local Park!

Local parks are an essential part of any community. Imagine that your local council has asked you to design a brand new park in your area! What would you include?

Draw your park from a birds eye view, and don't forget your labels!

Hand this to your school Children's University Australia Co-ordinator to get your passport stamped for 30 minutes.

Share your experience with the CUA community! Ask an adult to post to our Facebook page to show and tell us what you've done!
