

Research Project: Famous People

There have been thousands of amazing people who have done fantastic things in their lives. From superstars to inventors to explorers - all of whom had a huge impact on the world. In this task, you will research a famous person and create a 'Fact-book Page' for them. This page will include the following sections:

- **About Me:** include the person's name, home town, birthday and occupation
- **Friends:** List (and, if you can, draw) four people that your famous person might have been friends with
- **My Wall:** Write posts that your famous person might have put up on their wall. Make sure each one is accompanied by a date and describes something significant that happens in that person's life
- **Profile Pic:** Either draw or print out a photo of your person

If you are struggling for ideas, you can choose a person from the list below...
