

AUSTRALIA

## **Design Your Perfect School!**

*Schools are full of children with great ideas—why do adults get to design them?*

*Draw your school from a birds eye view and don't forget your labels!*

*Hand this to your school Children's University Australia Co-ordinator to get your passport stamped for 30 minutes.*

*Share your experience with the CUA community! Ask an adult to post to our Facebook page to show and tell us what you've done!*
