

Design a Uniform!

There is a new sports team in your area, and they have asked the public for help designing their new uniform! Use the templates below to show what colours and patterns you would include on this new kit!

Hand this to your school Children's University Australia Co-ordinator to get your passport stamped for 30 minutes.

Share your experience with the CUA community! Ask an adult to post to our Facebook page to show and tell us what you've done!
