

PAIR Home Reading Resource

Kindergarten students will be invited to participate in the PAIR – Parent Assisted Immersive Reading Program next year when enrolled at school. Participating students will be given Read Aloud books to take home as part of our Home Reading program with the book being changed on a weekly basis.

P.A.I.R books provide parents and caregivers with scaffolding (in the form of questions, tips and prompts) embedded in each page. Applying these strategies during a home Read-Aloud session can assist students with the development of their reading skills.

P.A.I.R reading is designed to improve literacy skills, vocabulary and comprehension involving parents and caregivers reading aloud to their children at home and engaging them further by following the prompts.

An introduction to P.A.I.R reading is available for those parents and caregivers wishing to share some time with their children reading.

The cost of the pack which includes 2 books in a 'Sniff and Snuggles' carry bag is \$20.00.
