

## Resource/Technology Levy for Kindergarten 2021

Dear Parents and Caregivers,

In consultation with Glendore Public School P&C, our school has created a Resource/Technology Levy that includes significantly subsidised items. These provide opportunities for your child/ren to access an enhanced curriculum experience both at home and at school. Significantly discounted group purchasing allows the school to provide learning resources and additional opportunities to access to online learning programs 24/7.

Student memberships to the following online learning subscriptions are included in this levy together with stationery and exercise books. They are used within the classroom over the entire year. These online learning subscriptions are accessed by students during class lessons and also from home to consolidate learning.

	
<b>Mathseeds</b>	<b>Reading Eggs</b>
<i>Normal RRP \$59.95 per annum</i>	<i>Normal RRP \$79.95 per annum</i>
Offers highly interactive and rewarding Numeracy lessons with fun motivational elements targeted to individual student's levels that keep children engaged and keen to learn	Makes learning to read interesting and engaging with great online reading games and activities.

These programs are heavily discounted due to our school purchasing bulk memberships. The current combined RRP for Mathseeds and Reading Eggs is \$139.90.
