

## Term 2, Week 4

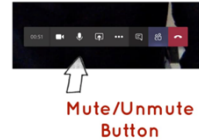

### Kindergarten to Year 6 MS Teams Video and Message Chat Timetable

Please see scheduled times when teachers will be hosting MS Teams Message Chat and Video Chat sessions.

If you haven't already, please make sure you have downloaded MS Teams on a computer or device. Please see the link below for how to guides.

Students will need to use the video icon to be involved in the Video Chat session.

Remember once you have signed in and you can see your teacher, you will need to mute your microphone until you are asked to speak. Once asked to speak you can then unmute and speak to your teacher and classmates.

MS Teams 'whole class' Video Chat will be held on each grade's student contact day at 9:30am to include students who are learning at home.

Then an additional MS Teams Video Chat per grade has been scheduled for families of students learning at home at 9:30am with their classroom teacher to assist families with any online learning at home.

Staff endeavour to make Message Chat and Video Chat available to students of essential workers who are attending school on campus, however at times this may not be possible. Students on and off campus access the same unit of work. Students onsite have access to technology throughout the day to complete their online tasks in their weekly overview. Students will also complete CoL-WaH tasks in workbooks.

All students who are learning at home and attending onsite who are engaging in tasks are all known, valued and cared for during their day of learning. Teachers continue to keep connected to their students at Glendore Public School.

See link for below to access the how to guides:
